SUMMARY

Aspiring cybersecurity engineer driven toward the healthcare sector. Information Technology undergraduate at the University of Central Florida (3.68 GPA). Currently building agentic AI automations and workflows as an intern at dasFlow. Volunteered for 100+ hours at Orlando Regional Medical Center, demonstrating strong focus and task discipline while independently completing high-volume work with accuracy and consistency.

EXPERIENCE

dasFlow Custom Athleisure Apparel AI Automation & Systems Intern

Winter Park, FL
August 2026 – Present

- Responsible for managing and creating agentic automation AI workflows in the form of individual Rafas, where each Rafa has a designated task, and each task together builds one functional pipeline.
- Build workflows covering functions such as sales management, customer inquiries, company knowledge, and marketing.
- Integrate and utilize services including Zapier, QuickBooks, HubSpot, Make, Model Context Protocol connectors, and Claude.
- Execute team systems strategy: automate, delegate, and eliminate.

Orlando Regional Medical Center Volunteer (100+ Hours)

Orlando, FL
March 2025 – Present

4B Surgery Operations

- Assemble and sterilize $\approx$ 60 surgical and anesthesia circuit kits per shift.
- Audit $\approx$ 500 stock items weekly and remove expired supplies before use.
- Restock shelves with loads up to 50 lbs. in compliance with safe-handling protocols.
- Sustain output on repetitive tasks with minimal supervision in a high-volume OR.

North Tower Guest Services

- Greet visitors, control lobby flow, and provide wayfinding; personally escort mobility-limited guests by wheelchair throughout the campus.
- Deliver flowers, personal items, and medical supplies to patient rooms, maintaining confidentiality and item integrity.

3C ICC

- Triage 12+ telephone calls per shift, logging and relaying requests to nursing staff in real time.
- Replenish PPE and bedside supplies each shift, avoiding shortages & care delays.
- Report patient-care concerns promptly and assist with wheelchair transport as needed.

EDUCATION

University of Central Florida B.S. Degree in Information Technology

Orlando, FL
August, 2025 – present

- Ongoing full-time student role with a current GPA of 3.68.

Valencia College A.A. Degree in STEM

Orlando, FL
